Dear Sirs,

Plans for new homes in Garforth.

After seeing a copy of one of the proposed developments, I do not think this project is a good idea. We have plenty of houses already in Garforth, some children cannot get into their school of choice, Doctors are always full - you have to wait for appointments, the drainage system will be overflowing + the green belt will rapidly disappear. Also the extra traffic! Woodlands Drive is already like a car park from 7.30am till 7pm.

My husband strongly objects to these plans + so do I. These houses will not benefit the residents of Garforth. We do not have enough facilities as it is. These plans should be squashed immediately.

Yours faithfully,
(Mrs.)
