PDH00156

Dear Sir/Madam,

Please find enclosed my strong
objection to the proposed developing site.
Ref. No. (HGX-XX).

I hope this will suffice.

Yours sincerely,

I and my family strongly object to the proposed new developing site Ref. (HG-X-XX)

Reasons: - much more traffic on the A.65.

1. Increase in workpeople at the Airedale Factory because of expansion, also, Delivery of lorries & vans with imports & exports (have had the entrance widened so there is 'OOT-IN', so more traffic.

N.B. (My husband opposed the expansion of the Airedale in 2013 said would be able to employ more staff) still the traffic problem)

2. Factory opened near the JCT Roundabout) some cars parked on the side, causing problems

3. People attending Rawdon Crematorium exit by finite lane.
Southlands
also from Woodlands.

Newark Lane, people use this to drive over Leyton lane, Leyton Park Avenue, Carr lane all come out on the A65 and from the village.

Then the dreaded Horsforth Roundabout so many people complaining,

at the end of the day it is Green Belt.
