Part 3 - Is the Plan sound?

At this stage, before the Plan is sent to the Secretary of State for Public Examination, we are asking for your views about the 'soundness' of the plan. An independent Inspector will examine the plan against the 'tests of soundness' (Please read the guidance notes on how to complete this section)

3.1. Do you consider the plan to be sound?

Yes (go to Q3.3) No (go to Q3.2)

3.2. Which test of soundness are your comments about? (You must select at least one option)

- Positively Prepared Effective
 Justified Consistency with National Policy

3.3. Please set out why you think the Plan is sound / unsound? Your comments should briefly cover all the evidence and supporting information necessary to support or justify your view. It helps us if you can use subheadings to deal with specific issues. Please continue on a separate sheet if you need to. There may not be another opportunity to make further comments before the plan is sent to examination.

I consider the plan to be unsound see attached sheet.

3.4. Please set out what change(s) you consider necessary to make the Plan sound.

You will need to say why this change will make the Plan. It helps us if you can be precise as possible and providing any suggested revised wording. Please continue on a separate sheet if you need to.

Loss of Greenbelt.

There is a Government Policy in place, where they state:

'traveller sites (temporary or permanent) in the green belt are ~~not~~ to be considered inappropriate.

The site is on a Public Right of Way, which is both footpath, cycle path and bridle path with access to Temple Newsam Park, Park Road and Meynell Road.

Highways/transport.

Bullerthorpe lane has no public footpath.

Bullerthorpe lane has a speed limit of 60mph there are many dips and bends which make visibility hazardous consequently there would be a danger with slow traffic pulling out on to the road ie concern is the access of caravans and large vehicles.

Ecology/Landscape/Trees

The site has a newly planted wood on it (in conjunction with the Woodland Trust) with a variety of trees, a haven for wildlife, and this will be lost.

Traveller way of life encourages keeping of horses and dogs and fly grazing is common. If there is roaming this would present a safety risk on to Bullerthorpe lane.

Impact of fire. Scrap metal, burning of cable etc could cause danger from smoke and impact on the green environment surrounding it.
