SCHOLES, LEEDS
LS15 4AH

I write to object to the Leeds City Council plans for our rural community - I do not think they are sound, because we do not have the infrastructure required for a huge expansion.

A development on the Hadley Hall site would be able to offer all the facilities required i.e. school, shops, doctors and access to major roads.

It does not make sense to erode our "Green Belt" - losing agricultural land just to add to the profits of the Developers.

Leeds City Council has sufficient numbers of dwellings to reach their targets - get them renovated before spoiling our villages.
