Dear Sir

I am writing about site allocations for housing in Horsforth. The proposal to include these sites is not consistent with the National Planning Policy Framework which seeks to protect the Green Belt. I am objecting to the following site plans

HG 2-12

HG 2-41 (+ 777)

HG 2-42 (+ 18)

HG 2-43 (+ 266)

I am also not happy about houses being built in this area on the brown field site at Kirkstall Forge as this site regularly floods, as you will find out with the train station yet to be opened. Also as a measure a weir was removed to stop the railway bridge from

being washed away which has taken eight months  
to be re-strengthened, as these 100 year floods seem  
to happen every five years.

Yours faithfully
