Dear Sir or Madam

Leeds City Council's Plan for 5,000 new homes

I hereby object to the above proposal, particularly for the Garforth area of Leeds.

My main reasons for objection are:

- Impact on the already congested roads.
- Impact on the already congested parking on many of the roads within the Garforth area. Particularly if the proposed housing do not offer sufficient parking to cater for multi-car families/residents.
- Impact on public transport. In particular there is over-congestion on trains and insufficient parking for those who have no option but to drive to local train stations.
- Impact on Schools within the Garforth area.
- Impact on the local amenities within the Garforth area.
- Lack of affordable leisure/entertainment facilities to cater for all age groups.

Yours faithfully

A Kay
