Why do you think this site is unsound/sound (delete as appropriate)

- 1) The impact this number of houses will have on Garforth. We have already had more than our fair share of development over the last 10 yrs.
- 2) The extra strain that will be put on our already overcrowded services such as schools, doctors + dentists etc.
- 3) Transport - The extra number of cars on the surrounding roads. Garforth Main Street is already a nightmare to drive through with all the buses + parked cars + parking is deplorable. If you wish to use the trains there is no parking after 8 am. Buses find it difficult because of all the on street parking on their routes.
- 4) Flooding problems. This is a serious problem now after heavy rainfall. The drains cannot cope with any excess of water, + the clay subsoil does not help.
- 5) LOSS OF GREENBELT.

What is your alternative?

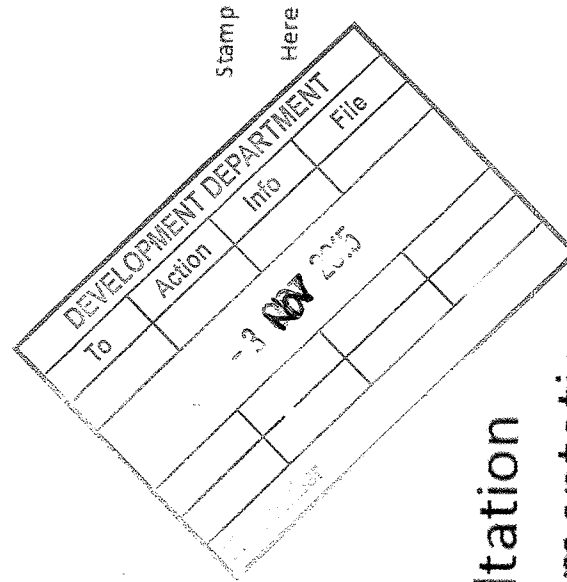

Could Micklefield be developed more with shops + facilities as well as housing.
