Dear Sirs

Leeds Site Allocation Plan
Section HG-2-1 (3026) New Birks Farm Ings Lane Guiseley

I am a ratepayer and long-term resident of Guiseley from 1970. I wish to respond to the above draft consultation.

In principle I would support the proposed development but, as ever, the devil is in the detail. My one over-riding concern is that we should maintain a clear and visible physical de-markation between the parishes of Guiseley and Menston. This may involve woodland, marshland and/or scrub, with public access.

I believe that a sensitive housing development should be supported.

Yours sincerely
