

23/10/2015. MRS P SCOTT
16, Rufford Ave
Yeading
UG19 7QR

Dear Sir or Madam / I've
lived in Leeds nearly seventy
years, a happy childhood brought
up in the streets of Halbeck
with no gardens. So I think
Green Belt is very precious,
for us and future generations.
It should only be built
on only in very special
circumstances (what does that mean)?

I'm not against more
affordable houses. But around
Yeading in the past five years
we have seen many houses
built with 3, 4 + 05 bedrooms.

With no increase in schools,
Doctors, and dentists.

The road through Guiseley
and Menston at rush hour
comes to a full stop.

Very concerned about the
proposed sites in Rawdon end
near Horsforth roundabout.

The proposal to include
these Green Belt sites in the

local plan is not consistent with national policy.

We have lots of brown sites in this area!!

Please listen to the people who live in these areas. This is for the future generations of young people.

Seems to be the developers who rule, all about the money to be made.

Many, many folks in this area are very much against all the changes. Some moving to other less built up places.

Believing no matter what, you can't change what's happening.

We will have to wait and see. Because deeds has a very council and has brought many good changes to deeds. I so may it continue.

Yours Sincerely
