Re: SITE H92-12 FIELDS AT
 WOODLANDS DRIVE, RAWDON

I am very concerned regarding the possibility of 130 homes being built on this Green Belt site as identified within Leeds Core Strategy. It is also shown in Leeds Core Strategy as 'strategic green infrastructure'.

This is a beautiful area containing lots of wildlife near to the peaceful and delightful grounds of the Rawdon Crematorium. We would like it to stay this way!

Over the years we have enjoyed walking in this area as so many other

people do. It would be a great shame if future generations could not do this too.

It is a quiet area away from the very busy A65. If these properties were built they would require access to this overloaded road.

These proposals to use this Green Belt site in the Local Plan is NOT consistent with the national policy.

Yours faithfully

(mes M.H. COVER)
