To whom it may concern,
I am writing in favour of the proposed housing development on Church Lane Paddock in Meanwood.

I don't particularly want to lose green spaces in Meanwood but we have got a lovely park close by and the land allocated is a mess at the moment and has been in all the eighteen years I've lived next to it.

I would worry about the impact on services like school places and GP surgeries but that could be addressed in time.

I do want housing for young families in particular and I think we need housing more than we need an empty field.

I do want Leeds City Council to provide lots more homes and I would think that Meanwood is a lovely place to live for newcomers.

Yours faithfully,
