Dear Sirs,

I have received a letter from Mr Alec Shelbrooke our local MP regarding a public consultation on the building of 5000 new homes around our town. We were not aware at all of any such consultation.

The building of so many homes in our area is ridiculous. This would have a huge effect on the roads, drainage, sewage and environmental issues. With a minimum of 10000 new people this would also have an enormous knock-on effect on schools, shops, doctors etc and would be vastly detrimental to the town.

Therefore myself and my family are firmly against this plan and hope that it does not come to fruition

Yours faithfully
