I am very concerned & indeed upset at the plans to build all these houses in Horsforth/Rawden. How can the roads alone cope with all this the A65 is a nightmare to get on to from Hall Lane and other roads.

Our schools & G.P. Surgeries are stretched to capacity, parking is a nightmare wherever, we were born in Horsforth and are saddened to see all this for our children & grandchildren who also live here.

We are having to wait for the traffic to quieten down before we can go out anyway to park the car, we are 76 & 74 years old, if all this building takes place we will be housebound and won't be able to get out!! Please think again.
