Dear Mr. Lewis or to whom it may concern -

I am writing to strongly object to the proposed building of over a thousand houses in the vicinity of Horsforth roundabout, adjacent to the A65.

Sites: HG2.41, HG2.42, HG2.43, and HG2.12.

I am sure, that you being an elected councillor working for the Horsforth electorate will therefore, take on board the fact that it is green belt land that is going to be affected.

This is contravening the NPPF policy which states, that brown field sites should have priority over green field sites in planning future developments.

So Mr Lewis, I am relying on you  
(I, am 82yr. old Horsfordian who has seen so many changes in Horsforth over the years)

So please try & stop the invasion of more green field sites being lost to future generations.

This morning I took the bus for an appointment at the R.G.I. On my return journey I had to take my life into my hands when trying to get home across the A.65 road. The traffic was unbelievable! so, goodness knows what it will be like if the above plans are allowed to go ahead.

Yours sincerely

P.S. Also affected. Schools Doctors Surgeons Clinics etc. etc. etc.
