HG 2-11

Following ~~receipt~~ of the Leeds Site Allocation Plans - I wish to object strongly to this green space being built upon. My objections are based on the following points:-

1. These plans contravene the National Planning Policy Framework.
2. The A65 is already a very busy highway, becoming full to capacity.
3. Horsforth & Rawdon are very quickly going to lose their rather unique identity and become a huge urban sprawl.
