LEEDS CITY COUNCIL SITE ALLOCATION CONSULTATION - FORMAL OBJECTION.

Dear Sir / Madam,

We wish to place on record our strong opposition to the following proposed sites for development :-

HG2 37 Brownberrie Lane - Greenfield Site.

HG2 45 St. Joseph's - 50% Greenfield.

HG2 46 Former Water Treatment works - Greenfield.

HG3 2/3/4 Knott Lane and Layton Lane – Green Belt shown as Strategic Green Infrastructure in the Leeds Core Strategy.

HG2 12 Woodlands Drive, Rawdon - Green Belt and designated Strategic Green Infrastructure in the Leeds Core Strategy.

HG2 42 New Road Side / Calverley Lane - Green Belt.

HG2 43 Horsforth Campus - Predominantly Greenfield.

Park Lane Campus - Green Belt and considered a Nature Reserve .

HG2 41 Horsforth Roundabout to Rawdon Crematorium - Green Belt and identified in The Leeds Core Strategy as SPECIAL LANDSCAPE AND STRATEGIC GREEN INFRASTRUCTURE.

These proposals will take almost all the remaining green space in Horsforth, other than the Park, Recreation Grounds and Sports fields. They will also result in the joining of the two separate areas of Horsforth and Rawdon, which we were assured would not happen at the time of the boundary changes.

~~Apart from the demolition of our environment further building will result in traffic chaos on the A65 and the outer Ring Road and an impossible situation in our Schools and Health services.~~

We strongly oppose all aspects of these proposals which are contrary to National Planning Law and also contrary to the Leeds Core Strategy. PLEASE THINK AGAIN!

Yours faithfully,

Brian and M. Josephine Rothwell.
