LDF PUBLICATION DRAFT CONSULTATION

FORWARDED PLANNING & IMPLEMENTATION

LEONARDO BUILDING

ROSSINGTON STREET

LEEDS LS2 8HD

PD1700536.

Dear Sirs

Re: LSAP & AVLAAP - FORMAL OBJECTIONS MADE DURING PUBLIC CONSULTATION

Below is a number of objections that I have regarding the proposed developments of greenbelt and greenfield sites:-

- H92-41 - FIELDS SOUTH OF A65 FROM HORSFORTH & RAWDON TO CREMATORIUM
- H92-42 - FIELDS AT BROADWAY AND CALVERLEY LANE, HORSFORTH

The above mentioned sights are currently beautiful green fields with an abundance of wildlife and trees and hedgerows. We are constantly bombarded by the telpeople and newspapers asking us to look after our environment and to preserve it for future generations. Now this issue has arisen to build houses on a greenfield area that not only will see the demise of the natural habitat of the many woodland creatures but will also add extra cars to the road network,

more greenhouse gases to the atmosphere. (The road, A65, is already backed up to Rawdon Conservative Club, at rush hour, every morning)

Has there been more schools built locally? What will the children be bused to who you propose to live in the proposed houses that is being put forward. What sort of an example are we setting for our children and grandchildren if we left this issue un-contested.

I have lived in Mansford for many years and the attraction has always been the nearness of country walks without having to drive miles. To watch the seasons change and witness the wildlife at close quarters is unparalleled - there is wild deer, foxes, various birds who perform these aerial displays.

I am of a generation who was brought up to believe that no building what so ever would ever be built on a green-field - greenbelt area and that always Brownfield sites would be built on first and foremost.

I am sure there are areas in Leeds that have the potential to be improved and new homes built on them without building on GREENFIELDS.

We are a democratic country - listen to the people not some outsider who doesn't know the area AREA !!

Yours faithfully
