Dad's

I am responding to the Leeds  
Site Allocation Plans.

I object to the plan put  
forward to build on any green belt  
land as this contravenes the national  
planning policy framework.

My main objection is on two  
sites HG2-41 and HG2-43 as this  
will only increase the traffic  
congestion at the Horsforth  
roundabout and cause more  
traffic bottlenecks to this area  
which already has problems.

Yours
