

and towns will become one area and become urban sprawl. If they are not careful they will just be building the slums of the future. Huge housing estates that in the past would be the size of an entire village themselves, but this time it is just houses, no school, no doctors, no church, no pub, no shop, no restaurant...just house after house after house and the majority on the greenbelt land, so these people also have no recreational places left either.

I hope that someone out there will see and hear sense and listen to the public objections and save our city and our greenbelt.

Please keep me informed of the public examinations, submission of the plans and potential outcome of the review as I would like to retain my right to attend and speak.

Yours faithfully,

P.S. one man has to demolish his
Castle 1) because he had no planning permission
2) because it was build on
green belt.

So one rule for one, but another for
Leeds Council.

Shame on you
