**RE: LEEDS SITE ALLOCATION PLANS - FORMAL OBJECTION**

Date: 9<sup>th</sup> November 2015

**PDH00734**

Dear Sir / Madam,

As part of the Leeds Site Allocation Plan public consultation process, I would like to formally object to the proposed development of the following sites:

HG2-41 (4240) – Fields South of A65 from Horsforth & Rawdon  
HG2-43 (5009) – Fields at Horsforth College

It is my understanding that the proposed development sites are NOT consistent with the national policy, specifically with regard to Green Belt. Leeds must continue to protect our Green Belt and greenfields.

The fields and open green spaces, which are being proposed for development, are important to me because the general outlook over the countryside would be fundamentally spoilt by these particular developments.

These sites should continue to be part of Leeds' 'Strategic Green Infrastructure' as identified in the Adopted Core Strategy.

It is my understanding that the proposed development sites are NOT consistent with the national policy, specifically with regard to infrastructure. Leeds has insufficient policies in place to address the issues that these developments will generate. Development and infrastructure requirements must be considered side by side.

My concerns include a severe bottle necking of transport in the New Road Side area and the Ring Road connections with the A65.

Please keep me informed of the public examinations, submission of the plans and potential outcome of the review as I would like to retain my right to attend and speak.

Yours faithfully,

Kathleen Collins
