Dear Sir,

I write to register my objection to the proposals indicated in the Leeds Site Allocation Plan and Aire Valley Leeds Area Action Plan, in particular with respect to the plans to build housing on Green Belt Land. The sites referred to include H92-12, H93-2, H93-3, H93-4 and H92-41.

The proposal to include these Green Belt sites in the Plan is not consistent with the national policy. The proposal to use Green Belt before Brownfield is not justified and the proposal to use this Strategic Green Infrastructure goes against the Leeds Core Strategy.

I regard the H92-41 site as particularly in breach and in view of the already commenced work on the ~~the~~ Cleant site it cannot be long before areas between Leeds and Bradford are covered in housing. Why is this development necessary in view of the fact that your estimate of the numbers of <sup>new</sup> houses required in the city is seriously challenged?

I have lived in the area for 50 years and I consider these plans to be extremely detrimental to the fabric of the local area. Roads, schools, health and highways will all be adversely affected by these proposals and I strongly object to their implementation.

Yours faithfully

BRIAN J WHITELEY.
