To members of Leeds City Council

We are writing to make you aware of our strong disapproval to your proposals to build houses on Green Belt land in our local area.

The sites we are opposed to are:

HG2 -12 Fields at Woodlands Drive, Rawdon

HG3 -2, HG3 – 3, HG3 – 4 Fields off A65, Rawdon

HG2 – 41 Fields South of A65, Horsforth roundabout to the crematorium

HG2 – 43 Fields at Horsforth College Campus

To include these Green Belt sites in the local plan is not consistent with national policy and using Green Belt before brownfield is not justified.

The loss of Green Belt around Rawdon will be detrimental to the wild life of the area also the local walking area, away from traffic will be reduced significantly.

On considering the effect of the proposed building sites, thought must be given to the major impact they would have on traffic on the A65 and Horsforth ring road, already congested at peak times of day.

The added pressure on schools and medical services also needs consideration before any further action is taken on these unreasonable proposals which go against the Leeds core strategy.

Yours Faithfully

Mrs G M Watson and Mr N A Watson.
