Dear Sir **PD100820**

Having lived in the above house over forty years airport noise plus more envisaged the prospect of houses rear of our house at any stage, resulting in our being sandwiched busy road front, buildings rear H. & 3-4 130 houses!

The prospect also houses H & 2-41 in an area of a very, very, busy frequently used Crematorium, even a.m. Saturdays "Knott Lane" cannot be understood whether the near future or in years to come!

The prospect of a link Rd A65 plus further house building en-route will cause further congestion, pollution, decimation of the Countryside; all avoidable tail link is the answer!

Yours Sincerely
