The Garden House 

5c Breary Lane, Bramhope, Leeds, LS16 9AD

Dear Sir

7.11.15

Leeds Site Allocation's Plan
Site HG 2-17 (1080 + 3367A)

I think the best way of dealing with my objections to the plan are to list them.

1. The planned building of a further 376 houses on the Breary Lane East / Leeds Rd site would totally destroy Bramhope as a village which would become a small town.
2. I understand that space for a new school and a convenience store are planned, but what about a new health centre with substantial car parking to cater for the increase in population?
3. With there being few employment opportunities in the village, the A660 would become overcrowded with a large amount of additional traffic - particularly at peak times when commuters take to the road.
4. It is accepted that the country requires more housing but surely this should be affordable housing, close to employment opportunities & facilities rather than urban

over

Sprawl comprising of expensive houses, impacting on the Green Belt.

I therefore think the proposed Plan is unsound.

Yours faithfully .

(G.M. SCHOLEY)
