Dear Sir / Madam,

As part of the Leeds Site Allocation Plan public consultation process, I would like to formally object to the proposed development of the following sites:

HG2-41 (4240) - Fields South of A65 from Horsforth & Rawdon RA to crematorium

HG2-42 (1016) - Fields at Broadway and Calverley Lane, Horsforth

HG2-43 (5009) - Fields at Horsforth College Campus.

It is my understanding that the proposed development sites are NOT consistent with the national policy, specifically with regard to Green Belt. Leeds must continue to protect our Green Belt and greenfields. The fields and open green spaces, which are being proposed for development, are important to me because of the views over the Aire Valley and because they provide habitats for wildlife. They should be preserved for future generations.

These sites should continue to be part of Leeds' 'Strategic Green Infrastructure' as identified in the Adopted Core Strategy. It is my understanding that the proposed development sites are NOT consistent with the national policy, specifically with regard to infrastructure. Leeds has insufficient policies in place to address the issues that these developments will generate. Development and infrastructure requirements must be considered side by side. I feel that the infrastructure is inadequate, particularly the road network which is a major concern on the A65 and Ring Road, despite the altered roundabouts.

Please keep me informed of the public examinations, submission of the plans and potential outcome of the review as I would like to retain my right to attend and speak.

Yours faithfully

Mrs Janet Brayson
