Dear Sirs,

Ref: Site HG2-14(1050 P 3367A), HG2-15(3400), HG2-16(1002)

We oppose all the above applications due to the following reasons,

(1) Unacceptable loss of green belt land. Plenty of other sites within the Leeds area to build on without destroying more green belt land.
(2). Bramhope would no longer be a village with a village community - it would become like a small town.
(3). Another 400+ houses would mean another 800+cars on the main road. It already takes me 7minutes to pull onto the main road at rush hour time
(4). School and G.P surgery cannot cope with a large influx of people.
(5). Yet another village spoilt just for builders to make a massive profit. They don't have to live here after they have spoilt the area.
(6). More commuters on the road
(7). Loss of habit for nature.
(8). Inadequate public transport service.
(9). Plenty of known site areas in Leeds that could be built on.

Building companies shouldn't be allowed to spoil our communities just for their own gains.

We also object to building on sites - reference 1181A, 1181B, 1204, 3734 and 3367B - for all the above reasons.

Yours faithfully
