Dear Sirs

I am writing to register my concern about proposed building on the following Green Belt sites

HG2-12 HG2-41 HG3-2 HG3-3 HG3-4

I always understood Green Belt areas were introduced to prevent building and prevent URBAN SPRAWL

Why is LCC ignoring this fact

It is not consistent with national policy to include these Green Belt sites in the local plan.

THE A65 ROAD INTO LEEDS.

I use this road on a daily basis to travel to work, the traffic is a nightmare at peak times; sometimes having a nearly stationary line of traffic stretching from Horsforth roundabout back to Rawdon traffic lights.

Most households have 2 cars each nowadays, how can what could be upwards of 1000 extra cars possibly join and then travel on this road without bringing it to a complete standstill

I hope common sense will prevail.

Yours faithfully
