Dear Sir/Madam.

re Leeds Site Allocation Plans - Formal Objection

I would like to object to the proposed development of the following sites:-

HE2-41 (4240)

HE2-42 (1016)

HE2-43 (5000)

It is my understanding that the proposed development sites are not consistent with the national policy, specifically with regard to Green Belt. Leeds must continue to protect our Green Belt and Greenfields. The fields and open green sites are important to us all because we need open spaces such as the sites mentioned not only to keep Horsforth the pleasant village it is for people to be able to walk and enjoy the wildlife, but for sporting activities and recreation. Also that future generations can grow up to know

and appreciate the beautiful trees, wild flowers and wildlife associated with open spaces.

We need a break from endless new housing estates with the inevitable extra traffic.

Gridlocked traffic is already a problem!

Please keep me informed of the public examinations, submission of the plans and potential outcome of the review as I would like to retain my right to attend.

Yours faithfully
