

PDH01100

9<sup>th</sup> November, 2015.

Dear Sirs,

**PLEASE DO NOT BUILD HOUSES ON THE GREEN BELT BETWEEN HORSFORTH AND RAWDON.**

When my Nanna told me about all the houses that could be build on the lovely open spaces not far from where I live, I was really upset. I don't want any houses to be be built where they can spoil the farm land and where the animals need to make their homes.

Please build somewhere else, so that the deer, foxes, hedgehogs, frogs, newts, bats and all the other animals can continue to live here and the farmers can rear their animals and grow food.

I have had help writing this letter, but the hopes and wishes are my own.
