Dear Sirs

Leeds City Council Site Allocation.

Sites - HQ2-41, HQ2-12, HQ3-2, HQ3-3,  
HQ2-37, HQ2-43.

I wish to formally object to the above planning locations for the following reasons :-

- Horsforth is a very old "village" whose character would be totally lost with so much new housing.
- Leeds already has major problems with pollution and these developments would only extend this problem.
- Horsforth would lose its boundary and would become a large area consisting of Kirkstall, Rowden, Rodley.
- Traffic congestion.
- Loss of Green Belt.
- None of this complies with National Planning Policy or Leeds Core Strategy regarding Green Belt.

Yours faithfully

V.A. DEWS
