Dear Leeds City Council,

RE: Objection to the proposed allocation of the Haighside site, ref: HG2-173

I wish to object to the Haighside site as I think its inclusion in the site allocations plan, leaves the plan unsound. I am a resident of St Georges Park + can see several issues with the proposal.

1. Significant traffic congestion already in the area 578 homes will make this unmanageable. Local residents will not be able to travel to work or school.
 2. Schooling itself is already insufficient. How will local children gain access to primary education without the addition of a school within the plans.
 3. Local facilities + services are already stretched, doctors + dentists cannot take on any more patients
 4. This proposal would destroy large areas of greenbelt land, woodlands + resident wildlife population. The bats, birds, mammals + foxes living on the land must all be rehomed.
 5. The existing electricity pylons mean that developers cost escalate. The site is therefore less suitable than more appropriate land such as Hope Farm.
- Name: I urge the council to cancel the Haighside site proposal + replace with Hope Farm.
- Address:

I look forward to hearing your response.
Yours sincerely
