Dear Sirs,

I am writing to you to make my objection as a Horsford resident, to the many and various Site Allocation Plans proposed to be built - primarily houses & at least one school on mostly greenbelt and greenfield sites in the town. I particularly object to site referrals HQ242, HQ243, HQ2-44 and HQ245.

Some of these seem to have sprung up without local consultation & seemingly are being rushed through with indecent haste

The provision for the vastly increased number of cars to add to a traffic flow that is getting slower + slower is a great concern

Please take time to get the infrastructure right or we all risk having plenty of motor cars but nowhere to go.

Yours sincerely

C D M GALBRAITH (MR)
