Re - Site #92.17 Breary Lane East/
Leeds Rd.

I am opposed to this development on the following grounds. -

The scale of the development and design and type of house.

These would bring hundreds more vehicles onto the already busy A660, some of which could probably use the village roads - Old Lane and Breary Lane en-route to Bradford and district

There would be permanent loss of the Green Belt and damage to the environment.
