Dear Sir or Madam,

I wish to register my objections to Leeds City Council's plans to build over 1,000 new homes in Horforth and surrounding areas.

My objections are to the following

HG 2 - 41

HG 2 - 42

HG 2 - 43

HG 2 - 12

HG 3-2; HG 3-3; HG 3-4

Leeds city council's plans to develop sites which are within the green Belt, contravene the National Planning Policy and therefore the sites should be protected. Green Belt land is very important to any community,

and Horsforth has suffered enough building
and road changes in the last few years.
Traffic problems as you well know are
particularly bad around the A65, and
further building will only make the problem
very much worse.

Horsforth cannot sustain the proposed plans
and they should be rejected to safeguard
the local environment for the present and
future generations.

Yours faithfully,

MARGARET COWLISHAW
