Ref Sule HQ2-41.

11. 11. 15.

Dear Sir

with regards the Dev, hand North Calderbus lane
to ABS.

To quote the site removal from green belt- therefore
would be unsound not in line with NPPF) and not legal.

So taking that as said my personal opinion
is having lived in Horsforth for 67 out of my 69 years
of age, I've seen through it- change, that being inevitable
the destruction erode of green belt- cannot continue.

The carhouse conversion is already apparent, the quarter exceeds
26 dwellings Per Hectare. The destruction of neighbourhoods
not enough that the loss of green belt- we are not "Ants"
we are People, the children are the future, please give a
thought to their future in this green & pleasant land.

Yours sincerely
