

Dear Sir/Madam,

We are writing to you because we disagree with a decision that you have made, stressing housing around Rawdon, Yeadon, Horsforth and Guiseley. We disagree because Aireborough is a place with lots of beautiful countryside and if you build houses on it, you will be destroying our view, animals and their habitats.

Firstly, you are making us unhappy and unhealthy plus people get healthy and fit by jogging and walking their dogs on fields. Therefore you are planning on building houses on HG-12 and HG2-41, you will kill the attraction to Aireborough and places surrounding it. If you build on the fields we will have to visit fewer places to jog and walk and we would have to drive to get fresh air also that would cause more pollution.

At the roundabout next to HG2-41 traffic is awful and is getting worse by the day, if you build houses on the field you make worse traffic and high accident risks. The Ambulances will not be able to come past fast enough because of the traffic.

Do you think that we can cope with the havoc of thousands of people in shops, stuck in traffic and public centres? As you are planning on building 70,000 houses in the next past five years. Secondly we will not have many schools, fire engines, ambulances and doctors. People will be tired of sitting in traffic for an hour so they will not go shopping and the shops will go out of business and at last. Aireborough will become more of a city than a village!

We need to keep rawdon green! We can't lose nature !We can't let it happen! People use sites such as HG-3-2 and HG2-41 for walking dogs and enjoying the views. People come from different countries and cities

see the amazing Airborough. We will also lose the separate settlements (city to village) Like Bradford and Guiseley.

We think that you could build houses on Brownfield to refurbish old houses in nice areas that haven't been used in years like HG3-2. It would be much more nice and less expensive. THINK ABOUT HOW EXPENSIVE IT WOULD BE TO BUILD 70,000 HOUSES!!!

Thank you for reading this letter I hope you take a really good think about what you are doing.

Yours Faithully,

Jai and Ben
