Dear Sir / Madam,

I am writing to you to say I strongly believe that you shouldn't build any houses on green belt in Rawdon and many other local areas. Personally I suggest you shall just build them on brownfield. It's breaking the law to build it on green belt.

If you think about it very closely I bet you will instantly change your mind about it all. You will regret it afterwards. Would you like to watch Leeds fall to pieces? Your answer is probably no so why do it?

Firstly the view will be destroyed. (HG12) Every day I look out of my bedroom window and enjoy the stunning view including jade green fields, horses running around with joy, cow's calmly eating grass and watch the sun set and go down. Some people don't get that luxury, don't increase that number.

Once you've built the houses where will people go walking, cycling, horse riding and more. The billing is a great place to go dog walking but loads of people will go there without the fields. Some dogs, unlike mine, aren't that good around other dogs so they may be a few incidents.

If you love animals then you will hate yourself afterwards as animals live there such as deer, bats, fox's, hedgehogs, rabbits and lots more. Don't just think about yourself, think about other living things too. Even plants. Once the field are gone they're gone too and it will be all your fault.

Last but not least, you will be increasing traffic (HG2-41) which is extremely dangerous. The traffic is as bad as it and with more people living in Rawdon, it will just make it worse. A lot worse. It will pollute most of Rawdon with the amount of cars.

I know we need houses but I am urging you not to spoil green belt.

Kind regards,
