**Dear Sir / Madam,**

**I am writing to you with regard to the planned housing development on Greenbelt land in Rawdon, Horsforth and Air borough.**

**Firstly, we think if the Greenbelt is built on, we would lose all of our lovely green fields. Therefore, all your plans of keeping everyone healthy will go to waste as, if there isn't any places to go for a walk and get fresh air, people will start to loose health and become lazy. Do you really want this to happen?**

**Following this, the animals will not have enough space to roam free and they also will not have anywhere to live. There are dears, birds and loads more wildlife which will be effected hugely by the housing development. This will ruin their lives and habitat. We are lucky to have lots of animals round this area so this is another reason to stop housing.**

**In addition, if you build more houses there will be more cars on the roads. If there are, it will mean more air pollution and car fumes. Also, because of more traffic, it can lead to danger which could include children walking to school. This isn't fair for them.**

**We know that we need more housing in the city, and it's a big problem! But instead of building on greenbelt you could build on all of the brownfield sites instead. We strongly feel that we are asking for the right thing here and we hope you agree with us. We want to keep our green.**

**Furthermore, all the lovely nature in the fields like trees, flowers, and fruit will be destroyed. These have been there for many years and are still going! The woods are wonderful to walk through and build dens. Do you really want people to miss that?**

**I hope we can keep our greenbelt land because I'm sure everybody in Rawdon , Horsforth and Aireborough will want that. Another reason people around the area with dogs will be devastated because they'll have to drive pretty far just to walk their own dog**

**Yours faith**
