LDF Publication Draft

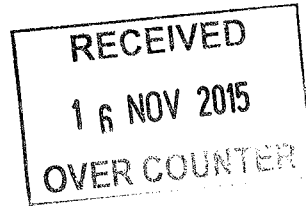

Consultation,

Forward planning and implementation,

Leonardo Building, Rossington St

Leeds, LS28AD

11th NOVEMBER 2015

TO LEEDS CITY COUNCIL,

SITE HG2-143 DRIGHLINGTON

This site would increase the traffic on King Street in the centre of Drighlington which when the new ALDI is built will be very busy.

Drighlington already has a tremendous sewerage problem, when it rains the sewer in the land of Dale Farm overflows and runs down the field and into the top water beck, and when sewerage arrives at the pumping station it can not cope and it overflows into the clean water beck.

The site allocation SLAAR 1332 Penfields Drighlington has no such problems with sewerage as this has been accepted by main drainage into the Gildersome Sewer and highways would be provided by a new roundabout on the A650 bypass.

YOURS SINCERELY

NETHERTOWN FARM OLD LANE
