TO LEEDS CITY COUNCIL,

SITE HG2-144 OLD LANE DRIGHLINGTON

With reference to this site for 17 houses, it seems that to build houses on this green field site, would restrict views onto the green belt, and the view from the footpath to the south of this site would look onto the backs of houses, it has no defendable boundary to the south, in fact no boundary at all not even a existing fence line.

To our thinking it would be better to continue east down Old Lane, from the already SLAAR allocated site Ref; 1077 with houses on this strip of land with two defendable boundary's between Old Lane and Whitehall Road.
