Re Cookridge Drive,
proposed cut through road - Green
Belt land - to building site.

This area at present
is a quiet cul-de-sac, it would
be turned into a busy road, used
primarily by heavy vehicles.

Traffic already use
Cookridge Avenue, to avoid
driving over the humps on Otley
Old Road. We have cars parked
in the road, making it very narrow
in parts. The bungalows down one
side of the street, are all owned
by O.A.P's

The thought of heavy
lorries, trundling down the Avenue
& Drive, is a disaster waiting
to happen

yours faithfully
