Dear Sir/Madam

I am writing to object to the plans to build on the green belt site adjacent to the A65 at Horstfth - your site reference HQ2-41.

This plan is clearly not part of

the Core Strategy, or consistent with national policy.

I do not think that this plan is justified or

could possibly be effective, given the increase in

traffic and congestion which it will bring.

It is very important that we keep our

green spaces. It contributes to people's happiness and

if lost, I believe it will change the character of

Horstfth forever.

Simply this plan doesn't fit the Core Strategy

or comply with national planning laws. Surely green belt

land can only be used in "exceptional circumstances",

and not to meet housing targets?

Yours Sincerely
