DEVELOPMENT CONSULTATION			
TO	ACTION	DATE	FILE
16 NOV 2015			
File Name:			

Dear Sirs,

Sites ref H42-41. Rawdon fromatorium to Horsforth Roundabout
H42-12 Woodlands Drive

I object to the proposed use of these sites for housing and development on the following grounds:-

- 1) If the city were to reduce its target to 45000 houses (the generally accepted figure) in place of the 70000 presently proposed, there would be no need to take any land out of greenbelt and brownfield sites available elsewhere across Leeds LCC could be fully utilised.
- 2) There has been no comprehensive greenbelt review as required under core strategy and all sites are within LCC's own designated Special Landscape Area.
- 3) The A65 route and Horsforth roundabout are full to capacity and the additional volumes of traffic resulting from these developments would be unsustainable.
- 4) Local schools and health centres are already full to capacity.

Yours faithfully
