

From an additional Point of view - I recently had to wait
1 week for a doctors appointment. I run to work because
I'm fed up with ^{Not enough room on buses -} queing traffic at wood lane - my
husband who worked nights had to choose a different
route to work because of the amount of traffic on
Wakefield road = In addition the local Primary Schools -
already over-subscribed - I'm was a Governor at St Mary's
and know this first hand!

Therefore, I urge the Council to remove the Haighside site from the SAP and instead include
the proposed Hope Farm site.

With kind regards,

Also we have so little green land - we drove
to Norfolk on Friday and was such a pleasure
to see so much green - we have so little!
