I am writing to express my concern at the proposal to build on green belt land in this area - particularly on

Sites HG2-41 HG3-2  
HG2-43 HG3-3  
HG2-12 HG3-4.

The proposal to include these green belt sites in the local plan is not consistent with national policy.

We should be using brown field sites first  
The proposal to use this strategic green infrastructure goes against Leeds core strategy.

I have lived here for over 50 years and have enjoyed the freedom to walk in

many of these sites. We need these places  
for rest and relaxation now and in the  
future when so many people are stressed  
and unable to enjoy their free time  
in walking, children playing in our  
open spaces. Please consider these  
remarks when making your decision  
about the plan.
