Dear Sir or Madam,

I am writing to let you know of my feelings about the building of houses on the HG2-A1, HG2-A2 and HG3-2. Most of my family live in Horsforth and Rawden and we get a lot of pleasure from this area we all walk a lot round this area and my grandchildren will miss the strawberry fields and I will miss the views from the bus as I pass this way most days. Small things that don't cost a lot of money but will be sadly missed. Hope this letter will help to keep Horsforth as it is as we love it

and dont want it to charge.

Yours Sincerely

JOY BAILEY.
