## Part 3 - Is the Plan sound?

At this stage, before the Plan is sent to the Secretary of State for Public Examination, we are asking for your views about the 'soundness' of the plan. An independent Inspector will examine the plan against the 'tests of soundness' (Please read the guidance notes on how to complete this section)

### 3.1. Do you consider the plan to be sound?

- Yes (go to Q3.3)  No (go to Q3.2)

### 3.2. Which test of soundness are your comments about? (You must select at least one option)

- Positively Prepared  Effective  
 Justified  Consistency with National Policy

### 3.3. Please set out why you think the Plan is sound / unsound? Your comments should briefly cover all the evidence and supporting information necessary to support or justify your view. It helps us if you can use subheadings to deal with specific issues. Please continue on a separate sheet if you need to. There may not be another opportunity to make further comments before the plan is sent to examination.

The proposed site by a public right of way for cyclist, walkers & horse riders, which has been recently improved with emphasis for public use, also a newly planted wood (with Woodland Trust) and working farms. I understand travellers encourage their animals to roam freely, endangering live stock wildlife and traffic on Bullthorpe Lane & themselves. Collected scrap metals and other materials could be a danger to the public.

### 3.4. Please set out what change(s) you consider necessary to make the Plan sound.

You will need to say why this change will make the Plan. It helps us if you can be precise as possible and providing any suggested revised wording. Please continue on a separate sheet if you need to.

3.3

Continued.

Bullerthorpe Lane is without foot-path an unlit road with 60mph and bends and dips due to subsidence, stray animals and slow moving traffic would cause problems.

If lit would cause light pollution in this Green belt area ~~at~~ which has been deemed unsuitable for housing. therefore should it be considered for a travelers site. Any fumes lit causing smoke would also cause a problem for road users.

The local school is already oversubscribed with some local children having to find schools further away and the only Doctors Surgery can have a waiting time of 2 weeks or more for appointments.
