Dear Sir/Madam

Regarding Church Lane Paddock, Meanwood (Ref HG2-50) which has been allocated for building in the Leeds Site Allocation Plan.

I strongly object to this land being allocated for housing.

I have the following reasons:-

- this is the last green field in Meanwood and it provides the correct setting for Holy Trinity Church which is a historic listed building.
- it is a valuable green space providing homes for wildlife eg hedgehogs
- it would be better used by all the community as allotments or a community orchard
- more runoff of water from hard surfaces could cause flooding in Meanwood Beck which would affect me as I live next to the beck.
- more traffic at the Green Road/Stonegate Rd/ Meanwood Road Junction would be intolerable
- Meanwood Working Mens Club has been allocated for 54 homes and this is enough of a contribution for our area without completely destroying the character of Meanwood.

Yours sincerely
