18 MONKBRIDGE TERRACE
MEANWOOD
LEEDS
LS6 4HW.

Dear Sir/Madam,

Regarding the land known as Tetleys ~~Field~~ field off Weetwood Lane, Headingley. (Ref HGZ - 49)

I very strongly object to this land being allocated for housing. For the following reasons:-

- It is green belt land and should be protected, there is no reason to withdraw this protection
- It is a very beautiful, tranquil space within a short walking distance of where I live, a very densely built-up area. This natural area is valuable and good for my mental health
- it is a natural area which should be protected as a nature reserve area adjacent to the more formally managed area of Meanwood Park.
- more hard surfaces will lead to more water running off into Meanwood Beck which could cause flooding further downstream as has happened in the past. This is a concern to me as I live by Meanwood Beck.
- I do not think the consultation has been publicised enough so it is not a reasonable or valid exercise

Yours sincerely
