TO WHOM IT MAY CONCERN.

Dear Sirs

I am writing to respond to the Leeds Side Allocation plans and my objection is to the plans to build on the Green Belt of Horsforth particularly

HQ2-41 (4240)

HQ2-43 (8009)

HQ2-42 (1016)

HQ2 12 (4254)

These areas are precious to us, we need some space, otherwise from Leeds to Guseley will all be urbanised. - disgusting, stick to the brown areas.

How are schools + doctors going to cope, it takes a week to get an appointment, if it's 2 weeks I could be dead!

Last but not least - what about the traffic!!! I have never driven, but even I know it will be horrendous. The A65 is choc-a-bloc already, how will it cope with 1,000 more cars, plus the 7,000 from Kirkstall Forge. Somebody wants their brains testing to allow this.

What happened to council estates (where I lived) there should be more of them about. I also understand that Leeds had a choice to build from 2 - ? or choose the very large number, if they hadn't perhaps we could have our green space

Yours faithfully
